Pure Sine Wave Inverters premium, pure power!

(Guaranteed to run any appliance within wattage range)

Pure sine wave inverters produce an exact replica of household AC power, allowing them to run any appliance perfectly as long as the device is within the inverter's wattage range. With pure sine wave power, electronic equipment runs quietly and more efficiently.

- Full overload protection!
- 2 year warranty

Modified Sine Wave Inverters economical, reliable power

(Some appliances may not recognize modified sine wave power)

Modified sine wave inverters produce a close replica of household AC power. These inverters are an inexpensive solution to running most AC appliances within the wattage of the inverter.
