

PAC1580000

LOW-PROFILE  
PAC1357000

- Gear-Lock™ Self-Adjusting Dual Rotary Locking System always latches and closes for superior security.
- Self-Aligning Latch Pins pivot from side-to-side to engage with the Gear-Lock System. No adjustments required.
- High-Strength RSL™ Laminated 3-Layer Rigid Structural Lid is the strongest, most rigid aluminum lid we've tested.
- Reinforced High-Strength Body and Full-Width Lock Console resists cargo damage and protects the lock system.
- End-Mounted Push Buttons provide easy access. Lid locks and unlocks from either side for security and safety.
- Heavy-Duty Guards protect the vertical-action gas spring lid lifts and help ensure long-term durability.
- Built-in Storage Bin on both ends and 4-Compartment Sliding Tray for convenient hand tool and small item storage.
- 3-Year Warranty

**Delta PRO Low-Profile Single Lid Crossovers** complement your truck design and provide an improved view of the bed and rear of the truck. They offer the same high-strength security and other features of standard-height Delta PRO Crossovers.

- Leak-Proof Stainless Steel Paddle Handles prevent moisture from entering the interior.
