

Nova's new line of innovative LED warning signals contains 56 or 40 wide-angle, high intensity LEDs. Completely waterproof and self-contained, the SMTLED Series features 15 or 8 flash patterns and a state-of-the-art random pattern selection mode. A single wire pattern selection scheme is standard for easy hookup. The SMTLED Series SURFACE MOUNTS directly to the truck body with two mounting screws and installs easily with a three-wire hookup.

**Part Number: SLWIC3\_**

Oval WIC3 LED Surface Mount head with mounting screws.  
Dimensions: Length 6.445", Width 2.250", Height 0.343"

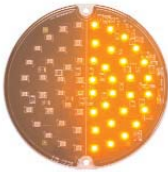

**Price: \$57.80**

**Part Number: LEDWIC3\_**

Oval WIC3 LED head with grommet, adapter and mounting screws.  
Dimensions: Length 7.500", Width 3.250", Height 0.820"

**Price: \$59.80**

**Part Number: SLWICRND\_**

Round WIC3 LED Surface Mount head with mounting screws.  
Dimensions: Diameter 4.330", Height 0.343"

**Price: \$58.80**

**Part Number: LEDWICRND\_**

Round WIC3 LED Surface Mount head with grommet.  
Dimensions: Diameter 5.500", Height 1.000"

**Price: \$57.80**

**Part Number: PLPAR36RUB\_**

Round WIC3 LED Surface Mount head with rubber housing.  
Dimensions: Diameter 4.750", Height 6.000"

**Price: \$58.80**

**Part Number: SLWIC35\_**

Rectangular LED Surface Mount head with mounting screws.  
Dimensions: Length 5.032", Width 3.166", Height 0.343"

**Price: \$56.80**

**Part Number: LEDWIC35\_**

Rectangular LED Surface Mount head with grommet.  
Dimensions: Length 6.300", Width 4.500", Height 1.750"

**Price: \$58.80**
