## SOLAR Pro-Logix Automatic Battery Chargers

### Easy Operation

"Push and Go" one touch control and an automatic charging process mean hassle-free operation.

### Charges Multiple Battery Types

Delivers effective charging for Standard, Maintenance-Free, AGM, Gel Cell, Deep Cycle and Marine batteries.

### Amazingly Smart Charging

**SOLAR Pro-Logix** battery chargers assess the charging needs of each battery being charged and deliver power in the best manner for each specific battery. This ensures a full charge every time and restores the maximum available reserve capacity.

### SOLAR Pro-Logix Automatic Battery Chargers

Model	Description	Sale
PL2208	8 Amp Pro-Logix 12 Volt Battery Charger	\$92.40
PL2212	12 Amp Pro-Logix 12 Volt Battery Charger	\$111.30
PL2216	16 Amp Pro-Logix 12 Volt Battery Charger	\$130.20

### SOLAR Pro-Logix Battery Chargers Beneficial Charging for a Wide Variety of Batteries

With the increased use of non-traditional starting batteries in today's vehicle, it is important to have a battery charger that can properly charge both flooded-type starting batteries as well as AGM and Gel Cell batteries.

**Standard • Maintenance-Free • AGM  
Gel Cell • Marine • Deep Cycle Compatible**

## SOLAR Power Inverters

### Wide Range of Sizes

With the **SOLAR** Power Inverter offering, there is a model to meet every application need..

### Power Display

1500W and 2000W models feature a convenient display to assist in management of power demand.

### USB Output

Several models feature USB output to power small electronic devices.

### Safety Features

Safety features include overload protection, under voltage alarm and under/over voltage protection.

### Convenient

Convenient designs, such as the can-shaped PI15000X.

### Multiple Outputs

Several models feature multiple outputs: AC, USB and 12VDC (400W and 800W models).

### SOLAR Power Inverters

Model	Description	Sale
PI1500X	150 Watt Power Inverter (1) AC Outlet; (1) USB Outlet; Convenient Cup Shape	\$35.70
PI4000X	400 Watt Power Inverter (2) AC Outlets; (1) USB Outlet; (1) 12V Outlet	\$50.40
PI8000X	800 Watt Power Inverter (2) AC Outlets; (1) USB Outlet; (1) 12V Outlet	\$93.45
PI10000X	1000 Watt Power Inverter (2) AC Outlets; Mounting Plate	\$170.10
PI15000X	1500 Watt Power Inverter (3) AC Outlets; Power Display; Mounting Plate	\$300.30
PI20000X	2000 Watt Power Inverter (3) AC Outlets; Power Display; Mounting Plate	\$328.65

### Power Display – 1500W and 2000W Models

Convenient power display enables efficient power management by providing details about 12V power source voltage and the wattage demand of connected equipment.

## SOLAR BA Series Digital Battery Testers

### Extra-Long Cable Leads

Model No. BA327 features extra-long 10' cables leads for easy in-vehicle use.

### Built-in Printer

Model No. BA327 features a built-in printer for easy service documentation.

### Bright Displays

Provide easy viewing in high and low light environments.

### Compatible with Multiple Battery Types

Compatible with Standard, Maintenance-Free, AGM, Gel Cell, Deep Cycle and Marine batteries.

### Quick, Accurate Battery Analysis

**SOLAR BA Series** Digital Battery Testers provide quick, accurate analysis of battery condition.

### BA Series Battery and Battery/System Testers

Model	Description	Sale
BA5	Digital Battery Tester For 12V batteries: Range: 7-15V.	\$61.95
BA7	Digital Battery and System Tester For 12V batteries and systems: Range: 7-15V.	\$80.85
BA327	Digital Battery and System Tester with Built-in For 6 and 12V batteries and 6, 12 and 24V systems: Range: 4.5-29.9V.	\$525.00

### SOLAR Digital Voltmeter

Compact, portable size provides convenience while a brightly lit display can be easily read in both high and low light environments.

**Special  
\$23.00**

**SOLAR BA1**
