

- Beveled door edges fit tight against the V-Groove door frame. Cross hatch pattern and high-strength bolster for superior security and weather resistance.
- Wider, Taller Door Opening for easier access to tools and equipment.
- Exclusive new design allows door to drop down out of the way for easier loading and unloading of large, heavy or awkward equipment.
- "Quick-Release" Keyway Connector on coated aircraft cable door supports are easy to remove. Allows the door to drop down to a vertical position for easier access to equipment and tools.
- New V-Groove door frame, Bulb-Shaped EPDM weather stripping and beveled edge door create a tight, moisture-resistant seal.
- 3-Point Locking System Locks the door at the top and both sides to resist break-ins. Rotating T-Handle has drill-resistant lock.
- Cross Hatch Pattern and lock guard reinforce the door for incredible strength.
- 3-Year Warranty.
